

IGNITE 2009

The sixty seven chosen ones. They came from far and near,
Some came with super confidence, but others came in *fear*

IGNITE ! – it surely means to BURN – with flames and all round
PAIN....

But none decided to return – ALL stayed to feel the GAIN !

Being alight, we learned, is not consumed with fire always – but can
mean to INSPIRE !

To be ALIGHT with VISION and with Brilliant Business Plans –

And Super – wise – as well, new MISSIONS in our hands....

YES – we are HOT – in many ways, after this week of cooking....

But our projects and our businesses are clearly better looking !

We have survived the flames – now ready for the fight....

We go back home – no more to roam – to set the World Alight !

We go INSPIRED – if feeling TIRED – our spirits shining bright....

And say to those WIZARDS of CFEL – THANKS A MILLION FOR

IGNITE
